

Happy...

naivety, omniscience, or both...you decide...The opening of flowers, the warmth of the sun, "All Joy – No Strings". Happiness is a choice we make. It exists in a place where "but" and "however" are seldom used. Let this tea take you to that place, unfettered and uncluttered. Baby green tea leaves. Sweet and delicate combined with Chrysanthemum and Globe amaranth flowers will nourish and protect your skin

Harmony...

...an overarching principle that can be experienced by all senses...Imagine the harmony of a choir, the harmony of a savory broth, the harmony of a cherished reunion. Harmony is the sweet - spot of life. Harmony requires balance, precision and insight. A blend of green tea, Chrysanthemum and Jasmine flowers will hydrate and nourish your skin, harmo-

Outstanding...

...sometimes scary – never easy – always gratifying. "Lonely at the top" is reserved for those who elect to excel. If this is your desire, let this outstanding tea give you a lift on your ascent. Young sweet green tea leaves combined with Jasmine and Globe amaranth will hydrate and nourish your skin, brighten your eyes, protect your liver and reduce lipid levels.

Calming...

is about finding that place to be authentically, safe. Like the arms of a love, the scents of a familiar place or the reassurance of trusted council this tea will calm the chaos. Young green tea leaves combined with Jasmine and Lili flowers will bring you to a calm and relaxed place where stress is reduced, you become relaxed. Excellent to dispel phlegm.

Heart...

heart beat...the beginning of life, the center of passion and to some the center of consciousness... Heartfelt, Heart – on - your – sleeve, Heart Warming, Heart Land and Heart Healthy. Young green tea leaves, Dianthus, Caryophyllus and Osmanthus fragrant flowers are blended to invigorate the blood circulation, dispel congealed blood, nourish the skin and regulate

Pearl...

...of truth, of wisdom and never before swine. Organically developed from a humble grain of sand a pearl grows into a thing of beauty, that belies its origin. This tea brightens eyes and has benefits to the heart, including the regulation of blood pressure. We combine the youngest green tea leaves with Chrysanthemum and Globe amaranth flowers in this humble tea that is truly a thing of beauty.

Passion...

...over this wars have been fought, careers built, continents discovered and dynasties established. The fuel that drives the motors of our unconscious mind. This fuel is a combination of green tea leaves, Oroxyli indici and Golden Lili flowers, sure to fire your pistons. This tea is recommended for the benefits of heart function, nourishing the skin and regu-

Beauty...

for some symmetry, for others sensory overload, but always regulated by the beholder. Beauty can easily be spotted on the outside but is always generated from the inside. Let the green tea flowers, Chrysanthemum flowers and Jasmine flowers combine, to create a thing of beauty for you and joyously behold. This tea is recommended for detoxification, anti inflammation and the control of coughing.

Celebration...

...acknowledging and motivating right action. Birthdays, anniversaries, challenges met and overcome are all caused for celebration. Any time is cause for a celebration. Let this blend show you how. The combination of young green tea leaves and Jasmine flowers will help you to detoxify and regulate your blood pressure. Such is cause for celebration.

Love...

...so many types, so little time. Maternal, paternal, familial, erotic, unrequited, puppy, first, platonic and complete. Our love tea is made of the youngest finest young green tea leaves, Jasmine and Globe amaranth flowers. It is designed to provide clear heat, relieve headaches, harmonize the liver and sooth emotions.

Sex...

...how we look, how we feel, how we act. At the core of our existence, since the beginning of life it all starts with sex... Sometimes hidden in an elusive glance from across the room...Sometimes not... Sex tea is made of new green tea leaves, Chrysanthemum and Globe amaranth flowers. It is recommended to nourish and protect skin conditions, harmonize the liver and brighten the vision. WOW.

Vision...

often with your eyes, sometimes with your mind and always with your heart. Vision is about how we perceive, how we really see. Let this tea help you to learn to see. Ingredients include young green tea leaves and the flower from Chrysanthemum, Jasmine and Globe amaranth plants. This tea will help to nourish and protect your skin, harmonize your
